OUR DOCTORS

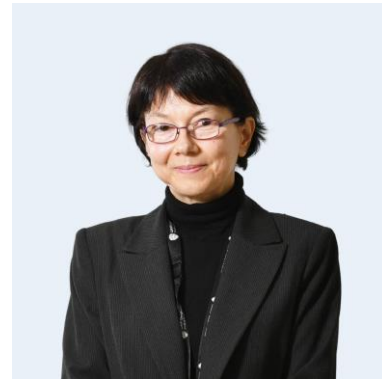

Dr Monica Dumbrava

MBBS, FRACP

Medical Oncologist

Languages: English, Romanian & French

Telehealth available.

Dr. Monica Dumbrava is a dedicated and compassionate Medical Oncologist with over 6 years of experience in managing patients with various types of cancer. Her special interests include:

- breast cancer
- gastrointestinal cancer
- lung cancer
- skin cancer, and
- head and neck cancer.

Monica earned her Diploma in Medicine in Romania in 1995 before moving to Australia, where she pursued further studies and advanced training. In 2015, she was awarded a Fellowship from the Royal Australasian College of Physicians. She has worked in a diverse range of healthcare settings, including tertiary and teaching hospitals, regional and rural facilities, and remote clinics, gaining extensive experience in managing patients with cancers across all tumour streams.

Throughout her career, Monica has been a key member of multidisciplinary teams, contributing her medical oncology expertise to shape individualised treatment plans. In her pursuit of providing the highest standard of care, she actively engages in clinical trials, offering her patients access to new therapies that may improve their outcomes. Her meticulous nature ensures that safety and quality are always prioritised.

Monica empowers her patients to participate in their care, providing clear communication and ongoing updates regarding their treatment and condition. She is equally dedicated to mentoring and education, providing clinical supervision, contributing to training programs, and sharing oncology expertise with the medical community.
